Archbishop King plays a mean tenor himself, and the strong and beautiful female voices sing the intricate Coltrane solos of sacred lyrics with mind blowing precision. This amazing place is so much fun! A unique San Francisco experience of spiritually charged free, wild jazz. Open minded positive vibes prevail.

Wanika Stephens, the gifted female pastor is another treat! A talented bass player with an inspired and mystical sermon that is fuel for the cosmic mind. She makes my soul smile.

Why deprive yourself of this soul stirring experience?
